The Amazing Spider-Man 2 PC is an action-adventure video game based on the Marvel Comics character of the same name...Q: tableview insertnewindexpath.rows? I have a tableview that is populated with custom cells which contains a button with a button action. The button is not connected to anything in my app. It only calls a php script to insert into a database. I would like to have a default value of 0 for that particular index if no value is given, so I thought I would have to do: [[arrData objectAtIndex:indexPath.rows] insertNumber:0]; The problem is that it only works once. If I add another button to the cell with the same action, it doesn't work. Can anybody explain why this happens? EDIT: The button action: -(IBAction)orderSelection:(id)sender { if ([myTableView isEqualToString:@"table"]) {
